Once you're insured under this plan, New York Life guarantees that your coverage can never be cancelled just because of a change in your health – See "When Coverage Ends" for renewal terms.

When Coverage Begins

Insurance will take effect on the first of the month following approval of your application by New York Life Insurance Company, provided the initial contribution is paid within 31 days after the date you are billed (send no money now) and any person to be insured is performing the normal activities of a person in good health of like age on the date of approval.

Any person who is not performing his/her normal daily activities as required will not become insured until the day he/she is performing such activities, provided such date is within three months of the date insurance would have been effective and the person is still eligible.

Note: Residents of NC: Any reference to "performing normal activities" is replaced by the requirement that the health status of any proposed insured person remains the same as stated in your application.

Volume Discount

With Volume Discount Rates for coverage amounts over \$100,000, the more life insurance coverage you purchase, the more you save! An additional discount is available for amounts of \$500,000 and more.

Coverage Amounts at Ages 65 and Over

Coverage Amounts for insured alumni and spouses reduce 50% at their attainment of age 65 and an additional 50% at their attainment age of 70.

When Coverage Ends

Coverage for an insured alumni or spouse may be continued until age 80 so long as he/she continues to pay premium contributions when due; he/she doesn't request to end such coverage; and the group plan is not terminated or modified by the policyholder or New York Life Insurance Company to end insurance for the group of insureds to which he/she belongs. Insurance will not terminate if you change employment or retire.

Please note that AD&D coverage will end on the date the insured begins active duty in the armed forces.

Coverage for children may be continued to age 23 as long as alumnus/a or spouse coverage is in force, premiums are paid and they remain otherwise eligible.

Incontestability

The validity of any amount of your insurance which has been in force for two years during the insured's lifetime will not be contested, except for insurance eligibility provisions or non-payment of premium contributions.

Accelerated Death Benefit

This benefit is available to help terminally ill insureds during a difficult and often financially challenging time. Under this provision, the insured may request one advance payment equal to 50% of his or her (or an insured child's) in-force life insurance, to be paid while he or she is still alive. If the scheduled reduction will occur within one year of the date payment will be made, the payment will be 50% of the reduced coverage amount. (Your premiums will continue to be payable in full and the amount of insurance payable after the insured's death will be reduced by any payment made under this benefit.)

This money can be used to help cover high prescription drug costs ... medical bills ... outstanding debts ... to help pay for experimental treatments ... the cost of modifications to your home.

To qualify, a terminally ill insured must be under age 79 and provide the insurance company with proof of terminal illness and anticipated life expectancy (12 months or less), as well as any other medically necessary information requested. For additional details and limitations, please see the Certificate of Insurance.

Please note that the receipt of accelerated death benefits may affect your eligibility for public assistance programs and may be taxable. Prior to applying to receive such benefits, you should consult the appropriate social services agency and seek the advice of tax counsel.

Note: The Accelerated Death Benefit is not available to residents of Massachusetts.

The premium contributions shown reflect the current rate and benefit structure. Premium rates are based upon the members/spouses’ smoking status and attained age at issue. Rates increase on the renewal date coinciding with or next following our attainment of a new age class (e.g., 25, 30, 35, etc.). Premium contributions may be changed by New York Life Insurance Company on any premium due date (but not more than once in any 12-month period) and any date on which benefits are changed. However, your rates may be changed only if they are changed for all others in the same class of insureds under this group policy. For examples, a class of insureds is a group of people all with the same issue age and tobacco/nicotine usage. Premium contribution will vary with the amount of benefit. Benefit option amounts are not guaranteed and are subject to change by agreement between New York Life Insurance Company and the Trustees of the Alumni Group Insurance Trust.

The amount of life insurance for you and your spouse decreases to \$50,000 at age 65 and to \$25,000 at age 70.

Coverage under this Plan is provided by New York Life Insurance Company under Group Policy No. G-29121-1 and G-29121-8 on Policy Form GMR issued to the Trustee of the Alumni Group Insurance Trust (ALGIT).

This information is only a brief description of the principal provisions and features of the plan. The complete terms and conditions are set forth in the group policy issued by New York Life. When you become insured, you will be sent a Certificate of Insurance summarizing your benefits under the plan.

ALGIT incurs costs in providing oversight of this program and your Alumni Association incurs administrative costs in connection with its sponsorship. To provide and maintain this valuable membership benefit both ALGIT and your Alumni Association may be reimbursed for these costs.
